## RETIREMENT PLANNING WITH THE NEWCASTLE

People looking to plan their pension needs in one of the world's most popular retirement destinations are being offered the chance to attend a pension open day at Newcastle Building Society in Gibraltar.

The Newcastle is hosting a series of open days at its Main Street Branch on May 20<sup>th</sup> and 21<sup>st</sup> for those looking to make provisions for the future and start a pension plan.

Anyone working in Gibraltar can call to make an appointment or drop in to the branch between 10am and 4pm on either day, enjoy a glass of bubbly and gain free advice from Newcastle Building Society staff as well as pension specialists from the European Financial Planning Group (EFPG).

Stephen Maloney, Senior Operations Manager at Newcastle Building Society, said: "It's really important that people understand the various pension products that are available. Many people think about pension planning, but leave the decision for later in life which ultimately increases the cost of planning. The earlier you take action the easier it should be, knowing you can relax in what is supposed to be one of the happiest times of your life.

"EFPG will be advising on these issues as well as carrying out personal pension reviews. We urge anyone who thinks they should be doing something for later in life to pop along to the Society's branch on Main Street."

For information visit the Newcastle Building Society branch on 197-201 Main Street, Gibraltar, or call 200 41143.
